

Ollie and Prema are best friends. They love to do things together, but they are very different from one another. Ollie loves to run and play. He's loud and goofy. Prema enjoys meditating and drinking tea. She's quiet and thoughtful. They both love to try new things, especially snacks!

Sometimes the things that make us different are what makes a relationship strong. Life would be boring if we were all the same!

Draw a picture of yourself.

Think of a good friend.
What are some things that are true about just you?
What are some things that are true about both of you?
What are some things that are true about just your friend?

Draw a picture of a friend.

Things about me.

Things about both of us.

Things about my friend.
